❖ Technical Skills

C# , ASP.Net MVC, ASP.Net Core, OOPS, HTML5 , CSS3 , Javascript, SQL Server, Entity Framework, Github, Bootstrap, .NET, .NET Core

❖ Soft Skills

Problem-Solving, Adaptability

EDUCATION

- ❖ Bachelor of Computer Science | Dr. A.P.J. Abdul Kalam Technical University, Lucknow (2020-2024)
- ❖ XII (UP Board) | Jai Narayan Saraswati Vidya Mandir Inter College (2020)

ACADEMIC PROJECTS

❖ HEALTH HARMONY

I made a fitness website with the help of ASP.NET MVC, HTML, CSS, JavaScript, Bootstrap, Entity Framework, and SQL Server. This web application is helpful for those people who want to do workouts but can't afford gym fees or have time issues. So, this website provides the best quality of fitness workout exercises to the viewers, and I am hopeful that it helps a lot.

❖ TeachMate

I made a web-based application for the teachers, who want to manage their students' details. This web application is helpful to the colleges, coaching centers, and individual teachers who want organized data of their students. The web application is made using well-known industry technologies such as ASP.NET MVC, LINQ, HTML, CSS, JavaScript, Bootstrap, and SQL Server.

CERTIFICATION

- ❖ I have successfully attained proficiency in Full Stack .NET Development, through comprehensive training provided by Naresh i Technologies.
- ❖ SQL (Advanced) Certificate | HACKERRANK
